VOLUNTARY, CONFIDENTIAL SELF-IDENTIFICATION FORM

We would like to offer the opportunity for students and their families to voluntarily self-identify if they are of Aboriginal origin. The self-identification information is confidential.

As outlined in the accompanying brochure, this process is one step in a much larger initiative to expand our understanding of our school communities; offer more curricula related to Aboriginal cultures, histories and perspectives; and offer additional support to Aboriginal students who may require it. This initiative is long-term, over the next number of years and is one of many in the Limestone District School Board to enhance student success.

Parents/guardians and students who are 18 years of age or older are invited to indicate if the student is/ students are of Aboriginal origin. This self-identification is based on any degree of Aboriginal ancestry.

Kindly use one form per family. Please return this form to your school.
